

## *City of El Paso – City Plan Commission Staff Report*

**Case No:** SUSU12-00030 Sageland Elementary School Subdivision  
**Application Type:** Resubdivision Combination  
**CPC Hearing Date:** May 31, 2012

**Staff Planner:** Justin Bass, (915) 541-4930, [bassjd@elpasotexas.gov](mailto:bassjd@elpasotexas.gov)  
**Location:** West of Yarbrough Drive and South of I-10  
**Acreage:** 11.32 acres  
**Rep District:** 3  
**Existing Use:** School Facility  
**Existing Zoning:** R-5 (Residential)  
**Proposed Zoning:** R-5 (Residential)

**Nearest Park:** Yucca Park (0.43-mile)  
**Nearest School:** Sageland Elementary School (subject property)  
**Park Fees Required:** N/A  
**Impact Fee Area:** This property is not in an impact fee area and is not subject to impact fees.

**Property Owner:** Ysleta Independent School District  
**Applicant:** Huitt-Zollars, Inc.  
**Representative:** Huitt-Zollars, Inc.

### **SURROUNDING ZONING AND LAND USE**

**North:** R-5 (Residential)/ Single Family Residential Development & Church  
**South:** R-5 (Residential)/ Single Family Residential Development  
**East:** R-3 (Residential)/ School Facility  
**West:** R-5 (Residential)/ Single Family Residential Development

**PLAN EL PASO DESIGNATION:** G3 Post-War.

### **APPLICATION DESCRIPTION**

The subdivider proposes to replat the subject property to consolidate the Ysleta Independent School District properties into one lot and vacate a portion of an unimproved right-of-way, Santa Clara Court. The plat is being reviewed under the current subdivision code.

Per Section 19.15.080(A) of the subdivision code, the full perimeter of a block shall not exceed two thousand four hundred (2,400) feet. However, this section also permits exceptions if certain criteria are met. In this case, an exception can be allowed for the perimeter of a block to exceed 2,400 foot maximum due to the subject parcels being greater than one-half of an acre in size.

The rights-of-way abutting the school property (Venado Drive, Santa Monica Road, and La Paz Drive) are not in compliance with the current subdivision code, which requires 32-ft local streets with 5-ft sidewalks and 5-ft parkways. The unimproved Santa Clara Court is also substandard. Per Section 19.10.050(A)1 of the subdivision code, the City Plan Commission may waive the requirement to improve the substandard rights-of-way if any of the following factors are met:

- a. Fifty per cent of the lots within a quarter mile of the proposed development have already been developed and the existing street improvements are in character with the neighborhood and have sufficient capacity to handle the increase in traffic to be generated by the proposed development; or,*
- b. The plat is located within the City of El Paso's Extraterritorial Jurisdiction area, is not within the city's annexation path and written documentation from the County of El Paso has been received stating that the substandard road meets all County requirements and the County is willing to accept the dedication of the substandard road;*
- c. For all plats located in the City of El Paso's Extraterritorial Jurisdiction area, written concurrence from the County of El Paso is required prior to the waiver of any dedication and/or improvements.*

Staff finds that factor (a) does apply in this situation. Sidewalks, in character with the existing sidewalks will be required along Venado Drive where they intersect with the vacated portion of Santa Clara Court.

#### **DEVELOPMENT COORDINATING COMMITTEE**

The Development Coordinating Committee recommends **approval** of the right-of-way waiver in accordance with Section 19.10.05(A) and **approval** of Sageland Elementary School Subdivision on a **Resubdivision Combination** basis subject to the following conditions and requirements:

- In accordance with Section 19.15.090(B), applicant shall provide a turnaround easement at the proposed terminus of Santa Clara Court.

#### **Planning Division Recommendation:**

***Approval with waiver and exception.*** In this case, more than fifty percent (50%) of the lots within a quarter mile of the subject property are developed; and the existing rights-of-way are both in character with the surrounding neighborhood and operate at intended capacity. The exception may be granted due to the existence and creation of lots greater than one-half acre in size.

#### **City Development Department - Land Development**

We have reviewed subject plan and recommend **Approval**.

**The Subdivision is within Flood Zone "X"- Panel # 480214 0045C, dated February 16, 2006.**

#### **Planning – Transportation**

##### **Comment:**

1. Provide a permanent turnaround at the end of Santa Clara Ct. as per Section 19.15.090 (Cul-de-sac Stretes) which states any street having only one vehicular access to another street shall be terminated by a permanent turnaround.

**Note:**

1. All existing / proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall be in compliance with current ADA/TAS rules and regulations and the current City of El Paso Design Standards for Construction.

**Parks and Recreation Department**

We have reviewed **Sageland Elementary School**, a resubdivision combination plat map and offer no objections to this application, therefore, recommend for approval.

Please note that this Subdivision is being excluded from the calculation for parkland dedication ordinance Title 19 – Subdivision & Development Plats, **Chapter 19.20 Parks and Open Space** as noted below.

**19.20.060 - Exclusions from Dedication Requirements.**

**Exclusions.** The following shall be excluded from the calculation for parkland dedication. In all instances, the burden of proof shall be on the subdivider to demonstrate that the plat meets the requirements of this chapter:

H. Land shown within a subdivision, whether residential or nonresidential, which is designated for use as a public facility. (*Ord. 16882 § 2 (part), 2008*)

**El Paso Water Utilities**

1. EPWU does not object to this request

**Water:**

2. There is an existing 6-inch diameter water main extending along Santa Clara Road that is available for service, the water main is located approximately 10-ft north from the center line of the right-of-way. This main dead-ends at approximately 273-ft east of La Paz Drive.
3. There is an existing 6-inch diameter water main extending along Santa Clara Road that is available for service, the water main is located approximately 10-ft north from the center line the right-of-way. This main dead-ends at approximately 33-ft west from the intersection of Santa Clara and Venado Drive.
4. There is an existing 8-inch diameter water main extending along La Paz Drive that is available for service. The alignment of the water main varies between the northwest and southwest property lines.
5. There is an existing 6-inch diameter water main extending along Santa Monica Road that is available for service, the water main is located approximately 10-ft north from the center line right-of-way.
6. There is an existing 6-inch diameter water main extending along Venado Drive that is available for service, the water main is located approximately 10-ft east from the center line of the right-of-way.
7. Along Venado Drive there is an existing 48-inch diameter water transmission main. No service connections are allowed to this water main as per the EPWU-PSB Rules and Regulations
8. EPWU records indicate a 2-inch water meter serving the subject property. The service address for this meter is 7901 Santa Monica Ct.

9. EPWU records indicate a 3/4-inch water meter serving the subject property. The service address for this meter is 715 Venado Drive.

10. Previous water pressure reading from fire hydrant # 2230 located at the northwest intersection of Venado Drive and Santa Monica Road, have yielded a static pressure of 100 (psi) pounds per square inch, a residual pressure of 90 (psi) pounds per square inch and a discharge of 1300 (gpm) gallons per minute

11. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

**Sewer:**

12. There is an existing 8-inch diameter sewer main extending along Santa Clara Road that is available for service, the sewer main is located approximately 5-ft south from the center line of the right-of-way. This main dead-ends at approximately 273-ft east of La Paz Drive.

13. There is an existing 8-inch diameter sanitary sewer main extending along La Paz Drive that is available for service. The alignment of the sewer main varies between the northwest and southwest property lines.

14. There is an existing 8-inch diameter sanitary sewer main extending along Santa Monica Road that is available for service. The alignment of the sewer main varies between the southwest and southeast property lines.

15. There is an existing 8-inch diameter sanitary sewer main extending along Venado Drive that is available for service. The alignment of the sewer main varies between the northeast and southeast property lines.

**General:**

16. EPWU requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

**EPWU Stormwater Division**

No objections.

**El Paso Fire Department**

Recommend approval of “site plan” as presented. Does not adversely affect fire department. \*\*

Note: A more detailed reviewed will be done by fire plan review during the permitting process.

Use of the hammerhead turnaround is acceptable under the provisions of the subdivision code

Also we would recommend that the current “guard rail type” barricade be converted to a swinging lock gate, though the use of roadway is not being utilized presently.

Also, the access for the school off of La Paz which currently exist is being requested to install a

gate from the La Paz access to ensure adequate access to the rear portions of the school that would be abutting to Santa Clara

**911**

No comments received.

**Sun Metro**

Sun Metro recommends the placement of sidewalks and ADA compliant improvements throughout the development to City standards to provide pedestrian accessibility to mass transit services.

**Central Appraisal District**

No comments received.

**El Paso Electric Company**

No comments received.

**Texas Gas Company**

No comments received.

**Ysleta Independent School District**

No comments received.

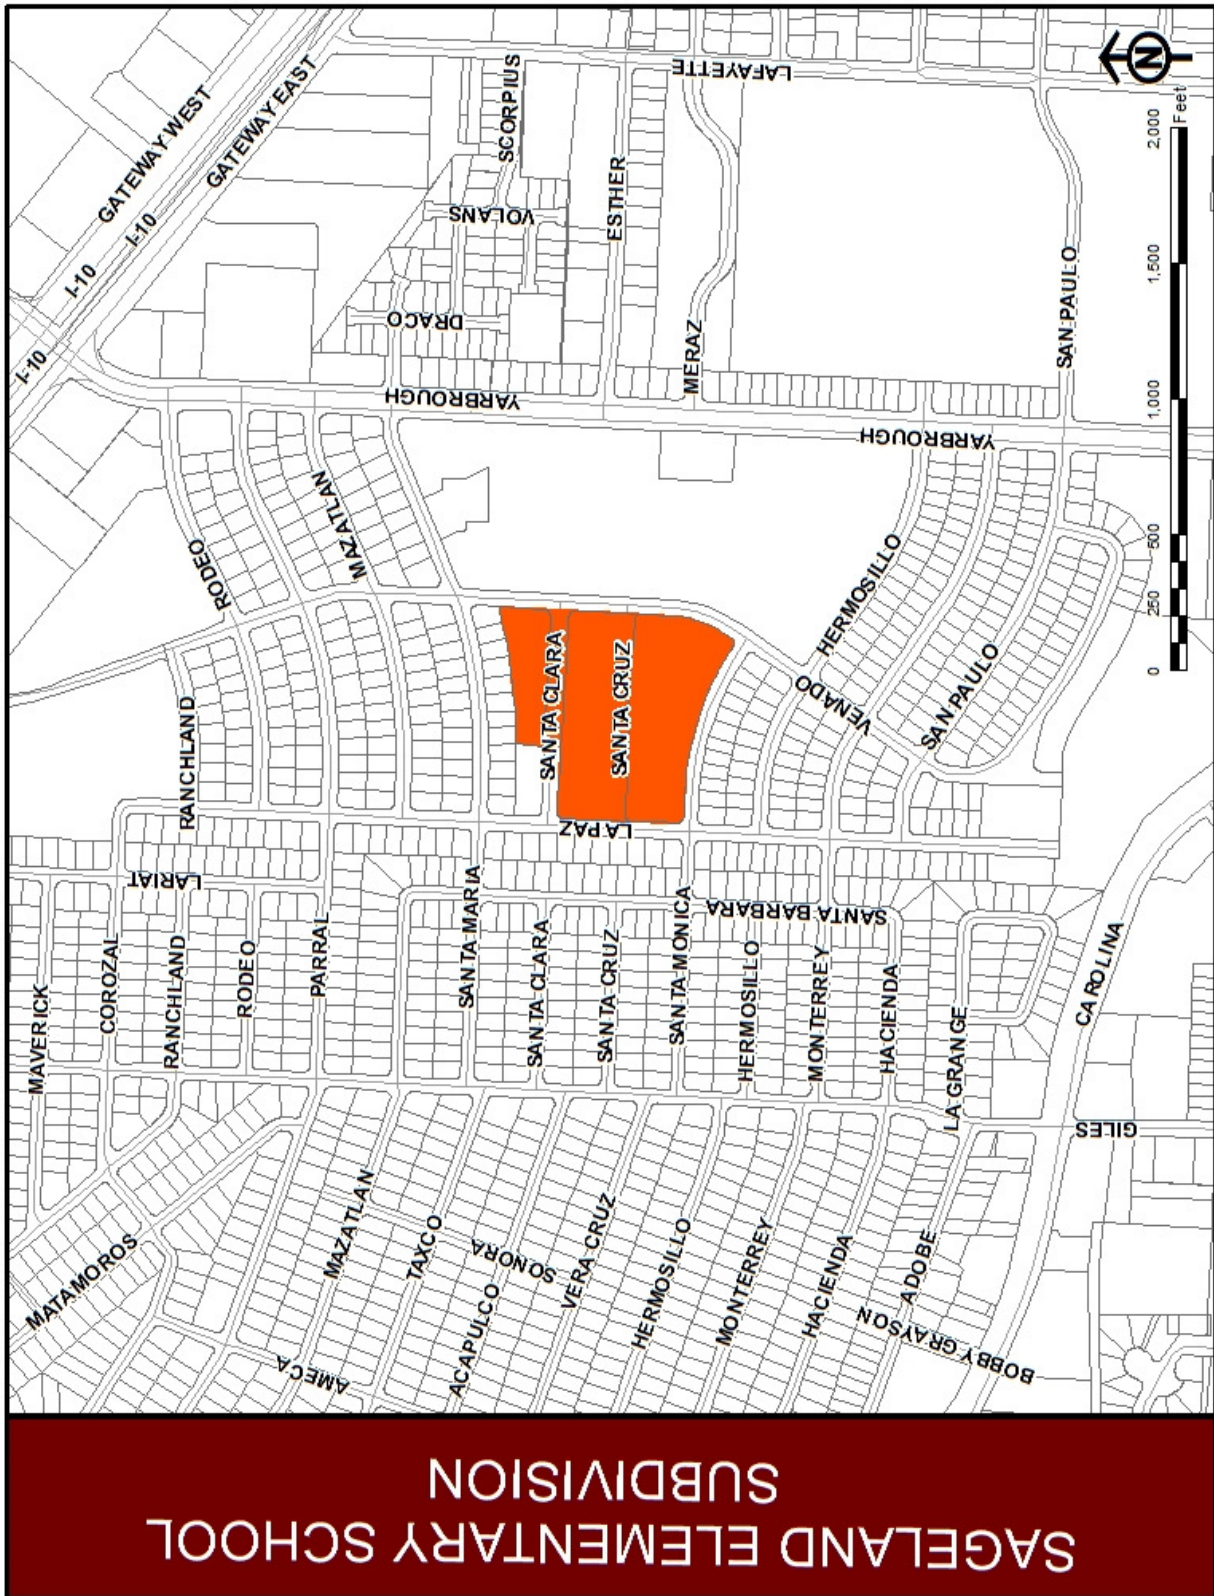

**Additional Requirements and General Comments:**

1. Submit to the City Development Department – Planning Division the following prior to recording of the subdivision.
  - a. Current certified tax certificate(s)
  - b. Current proof of ownership
  - c. Release of access document, if applicable
  - d. Set of restrictive covenants, if applicable
2. Every subdivision shall provide for postal delivery service. The subdivider shall coordinate the installation and construction with the United States Postal Service in determining the type of delivery service for the proposed subdivision. In all cases, the type and location of delivery service shall be subject to the approval of the United States Postal Service.
3. Applicant shall address the following comments prior to recordation:
  - Identify and provide recording information for any easements to remain within the subdivision on the final plat.
